I'm literally on my way out the door to catch a plane this afternoon, and hate to lay this on you, but...

re the Gottlieb transcripts, which we have sent to the SSCI, Jim Wolfe is reviewing them again for the Committee. He called and asked about whether we really intended to leave in lines 2-6 on page 79 of the 17 October transcript. I talked to [Redacted] at home this morning, and she asked that I run it by you.
